Informing other stakeholders about efforts with state legislatures

Hi,

As you know, we have sent the Education Committee members of state legislatures, members of State Boards of Education, and Chief State School Officers information and an adaptable prototype for the type of legislation that is needed to move school improvement policy from a two to a three component framework (*see below). We are now attempting to identify organizations within each state who should be informed about these contacts. Can you send us the names of such organizations in your state? Send to Ltaylor@ucla.edu

*As a reminder, here are links we sent:
